Our Mission is to provide a safe, loving and comfortable environment where our residents can transition in their recovery journey to everyday living while staying clean and sober. We recognize that to stay sober is simple, but not easy.

Choosing your transitional housing often determines the foundation of your recovery. Many are led away from the basis of recovery and are influenced by financial aspects. Sober Living Halfway House was established on the foundation of the twelve steps of Alcoholics Anonymous. By continuing and instilling these steps into the structure of daily living, people find they are better able to move forward in their lives.

Sober Living Halfway House provides a strong sense of community and support for those choosing a clean and sober lifestyle. Sobriety, rehabilitation and recovery are our main focus. We promote honesty, a willingness for positive change, openness, and integrity in daily living. Residents participate in morning meditation meetings, Big Book study on Thursday evenings, and have access to many local AA meetings per week.

Sober Living Halfway House is a place where people with the same goal stay sober together and support each other to maintain a healthy recovery.
There are two days in every week which we have no control over - yesterday and tomorrow, today is the only day we can change.
